WORK EXPERIENCE

Data Scientist Intern

Jan 2019 - Apr 2019

Shopify - Help Center Search

- Developed data pipelines with pyspark for predictive search to increase documentation discoverability through the help center search bar, used by 3000+ users daily
- Redesigned the search experience to reduce bounce rates and increase conversion by cross-functionally collaborating with UX and software teams to communicate user stories in agile environment
- Determined performance metrics using SQL and Mode reports to optimize traffic and usage of help center for resource allocation

Data and Reporting Analyst Intern

May 2018 - Aug 2018

Scotiabank - Global Finance Data

- Built and maintained interactive dashboards using Tableau, and SAP BusinessObjects tracking the performance of 1000+ clients
- Led migration to new DBMS environments using PowerBI and R to increase customization for advanced visualization and analytics
- Streamlined monthly reporting by automating data tracking using Python and VBA, reducing manual monitoring of 15+ countries

LEADERSHIP EXPERIENCE

Logistics Organizer

Jan 2019 - Present

Hack the North

- Leading the team-wide food initiative at Canada's biggest hackathon, coordinating 17000+ meals for 1500+ attendees from 30+ countries and 200+ mentors over 36 hours in fast-paced environment
- Negotiating contracts with food vendors and leading team of 6 organizers and 200+ volunteers with a budget of \$xxx,xxx
- Driving cross-functional efforts between marketing, design, finance, and sponsorship teams to scale food for a 33% increase in attendance and executing the inaugural sustainability initiative

Chair (previously VP of Mentorship, VP of Finance)

Aug 2018 - Present

Women in Computer Science

- Leading team of 8 to organize bi-weekly events promoting diversity and inclusion to empower women and non-binary individuals in tech
- Utilizing Gitlab for project management and cross-functional collaboration between marketing, finance, university administration, and sponsors, resulting in a 50% increase in event attendance
- Responsible for representing the committee to external stakeholders and for driving the product vision for our mentorship initiatives
